You can order from as many of your poses as you wish. However, all portraits within each "Combination" and/or "Selection" will be printed from the same pose.

A Session Fee and Order Deposit is due when you're photographed.

Each Session is \$10 per outfit and includes 4 different poses to pick from. You can be photographed in as many outfits as you like, just schedule a separate session for each one.

The Order Deposit is \$20 per outfit, and is redeemed when you place your order. You'll get an email a few days after your session with a link to your online proofs, and instructions for placing your order and redeeming the deposit.
